Name: Exam paper:

R081: Pre-production Skills						
Document	Purpose	Content	Example / Create	Suitability / Long Questions	File format	Hardware & Software
Mind maps / Spider diagram [Website – Generate ideas for content on pages / site; Show how pages fit together]	Quickly generate outline ideas Link or connect aspects of ideas	Central node (main theme) Sub-nodes (with branches) Topics (keywords) Images (icons) Colour	Central node; 4-6 nodes; few sub-nodes Level Criteria Complex structure with all nodes and sub-nodes for topic Content is all relevant Few nodes and sub-nodes Content may not be wholly appropriate Central theme and few nodes Some relevance to topic	Introduction: • What is the document and its purpose? • Who will use it? / Who is the target audience? • In the question Strengths: • What features are there? • Why is this good? Weaknesses:	Audio: .mp3; .wav; .aac Video: .mp4; .wmv; .mov Image: Web (html5)png, .jpeg, .gif (animation); Printtiff Animation: .flv; .swf Text: .pdf – small file size (accessible by all) but can't edit Lossy (Compressed so small file size some quality lost) • Small file sizes as downloaded so if too big will take longer	Creating – use hardware devices to create in a digital format e.g. mouse, keyboard, monitor Digitising – create by hand then digitise by: Photographing (with digital camera) work e.g. mood board or mind map Scanning (with scanner) the work e.g. visualisation diagram or storyboard
Mood boards [Warm colours to reflect summer]	Visual tool used to genera te ideas on a new project Create mood or feel for a product (be specific) NOT to show what product will look like	Images (photographs, graphics, logos) Colours (and scheme) Text (fonts, styles, quotes) Textures / fabrics Sound & video clips (only for website) Annotations	Title; Keywords; Images (in boxes); Colour; Annotations (justify) Level Criteria All images relevant (6) Good justifications including colour, fonts Wholly suitable layout Some relevant images (4) Annotations to justify images Layout not wholly suitable Title One image Weak / no annotations	Which of the required features are missing? Why is this an issue? How could it be improved Conclusion: Overall, is the document fit for audience and purpose? Points to consider: Layout; Relevance to context; Suitable detail / annotations; Suitability for target audience; Suitability for client; Fitness for purpose; White space; Composition; Clarity; Colours; Fonts; Font styles; Nodes; Sub-nodes, suitable links between content	High quality otherwise may be blurry and portray bad view of site Copyright, Designs & Patent Act Intellectual property © ® TM Work or idea protected by copyright, trademark or patent law License Open and Creative Common To use sources: Contact the owner Ask for permission to use it Often you will need to pay a fee	Types of software: Graphics editing Word processing Project management Spreadsheet / Database Desktop publishing (DTP) Audio editing Video editing Web browser Web authoring
Visualisation diagrams [Website – allow to see webpage in a visual form]	Mock version of intended product (static) Draft version for client (be specific)	Images (graphics, logos) Colours (scheme) Text (fonts, style, text examples, titles, size, position) Annotations Dimensions	 Content Magazine – Big image in the centre; Big title for name of magazine; Small titles for articles inside with page references; Issue date; Barcode DVD – Title; Certification symbol; Main image; Other images (logos, sponsors); Other text Layout (Suitable for DVD, magazine) Use of space Colour / colour scheme Fitness for purpose Sizes Stylisation Annotations to justify 	Primary Secondary Directly from source Indirectly sourced Meetings/Discussions Internet/Online Interview Magazine article Video footage News broadcast Autobiography Biography Surveys Report Questionnaires Commentaries Official records Books Original works Focus groups	Defamation - Can't say nasty things about someone without proof • False statements that harm reputation of individual / group Privacy — People have this right and it should not be invaded • Actions to protect members: • Provide usernames • Provide password • Create an avatar • Check webpage is secure	Data Protection Act (DPA) 1. Processed lawfully 2. Held for a specific purpose 3. Adequate, relevant and not excessive 4. Kept accurate 5. Not kept longer than necessary 6. Processed in accordance with subject 7. Held securely 8. Not transferred to countries without similar DPA Collecting Data Sorting data Only collect data Ensure data stored needed securely
Scripts	Provide lines for characters so they know what to say Provide details about expressions or actions Provide stage directions for actors and production crew	Speech / Dialogue between characters (centred) Location / Set / Slugline (INT / EXT) Direction (what happens in scene) Character names (centred) Sound and sound effects (for actions, events) Shot type (close up, mid, long) Camera movement (pan, tilt, zoom)	EXI. (EXTERIOR) — GARDEN In bright surshine. Children playing in the garden laughing and chasing each other. INT. (INTERIOR) — KITCHEN Male parent looking into cupboard. Character Ash. MALE PARENT Ash. Speech / Dialogue (centred) Intonation, loudness and emotion EXI. (EXTERIOR) — PARK Long shot Four pupple sitting down on rug and talking, listening to music, with a disposable barbecue. Ferbale in group reaches into bag and finds it's empty. FEMALE IN GROUP Shot type Direction What happens in the scene / interaction FEMALE VOICE—OVER-PARENT Remember this Bank Holiday to stock up on food to make the last days of Summer go out with a swing. EXI. (EXTERIOR) — SLIPERMARKET SHOP Long shot	Target audience Income – target an audience that can afford your product Age – different ages appeal e.g. children different from adults (consider colour, language etc.) Gender – male and female e.g. colour is used to differentiate Location – Audience live a certain distance from store Interest / lifestyle – target at their hobbies Accessibility for website Visual problems – use contrasting colours to allow people to read text easily Young members – make it easy to read as reading age lower Gender – content and colour schemes appeal to all genders Detect default language – of the user so easy for user or offer options Detect devices – depending on what it is being viewed on (e.g. mobile, tablet) load different version	Identify the hazards / dangers Decide who might be harmed and how Evaluate the risks and decide on precautions Record your findings and implement them Review your assessment and update if necessary Health & Safety at Work Act Using computers – RSI; Eye strain; Backache (relate to scenario) Safe working practices: Equipment positioned properly – adjust chair height, distance from screen to eyes, cables (tripped – cover), drinks (short electrical device) Regular breaks (for eye strain) Seating posture Wrist rests for Keyboards / mice comfortable Working at heights Working with electricity Working with heavy equipment Work plans Purpose:	Only collect data for purpose stated Ensure data is correct Seek permission / Confirm Tc & Cs Ensure sign up / registration is secure Consequences of failing to follow DPA: Sued Fined Prosecuted Location recce Visit to a specific location for recording purposes o Filming, audio recording or photography Check it is suitable: Lighting? Safe? Electricity? Scenery? Distance / location / logistics
Storyboards	Visual plan on a timeline Guidance on how to edit scenes	Camera shots (close up, mid, long) Camera movement (pan, tilt, zoom) Camera angles (over the shoulder, low / high angle) Timings / durations Location Sound Scene sketches (content, characters, scenery, speech) Lighting	 Scene content – must suit scenario Sketch Description Timings Camera shots (close up, mid, long) Camera angles (over the shoulder, low angle, aerial) Camera movement (pan, tilt, zoom or using a track and dolly) Lighting (types and direction) Sound (dialogue, sound effects, ambient sound, music) Locations (indoor studio or other room, outdoor) 	Also known as brief or specification Must meet their requirements otherwise your work will not be fit for purpose Done by: Face to face discussion Script Specification Written brief Content (look at brief and use words given): Purpose Timescale Target audience Budget Content (information / images) Theme / style / genre Colour scheme (use house style for consistency)	Provide timescales so you don't spend too long on one thing Allow projects to meet deadline using checkpoints to stay on track What order tasks need to happen (workflow) Content: Tasks; Activities; Time / Duration; Deadlines; Milestones; Contingencies; Resources; Budget Contingency - extra time built in (plus extra costs) Unexpected events Equipment failure Illness Health & Safety concerns Conditions not correct e.g. for filming Advantages: Allows team leader to track all members tasks are being done on time Different team members know what to do to help them finish project	© Environmental issues – noise, people Possible issues that may arise? Questions not covered: Remember all answers must be directly relating to the scenario
